What is Shared Ownership?

Shared Ownership is a national scheme that helps you to buy your dream home! Start by buying between 50% and 75% of your home* and paying an affordable rent on the rest. Buy more when you can.

This means a smaller deposit, smaller mortgage repayments and the flexibility to increase your shares whenever you’re ready.

Who is it for?

You could be eligible for Shared Ownership from WDH if you are:

- A first time buyer earning less than £80,000
- Renting and have a good payment history
- In need of a home due to a relationship breakdown
- In need of a downsize

*Occasionally we can sell a lower share but conditions apply.
Why Shared Ownership?

Shared Ownership means:

- A smaller deposit
- A smaller mortgage
- Buying your dream home sooner than you think
- Paying for your future, not someone else’s mortgage

Shared Ownership does not mean:

- Living with a stranger
- You can’t sell your home
- Living in an undesirable area
- You can’t make your house your own

Katie’s story

Katie bought her dream home with Shared Ownership from WDH. As a self-employed beauty therapist and single mum, Katie knew she would struggle to buy her first home on the open market. We found Katie her dream family home in Outwood. Here’s what she had to say...

“The house was perfect. It is spacious and built to a very high standard. I applied for Shared Ownership from WDH and was approved for a mortgage with Santander.

I think it’s reassuring to know that most of the big lenders offer Shared Ownership mortgages. I would recommend Shared Ownership to anyone looking to get on the property ladder for the first time or after a break up. You get lots of advice and support and the aftercare is excellent.”
How much does Shared Ownership cost?
